To determine your eligibility for financial aid, Colby College requires the completion of the College Board's CSS PROFILE (College Scholarship Service) and the FAFSA (Free Application for Federal Student Aid). While the FAFSA requires only information from the custodial parent(s), Colby requires financial data from both biological parents to determine the expected family contribution toward college costs. By completing this form, you are appealing to have the non-custodial parent information waived. Your financial aid file cannot be completed until the NCP PROFILE (Non-Custodial Parent) Form is received or this waiver is approved.
